Eying a move?

See New York through our lens.

Who are the Ophthalmic Consultants?

We are 13 physicians, supported by more than 100 employees, providing compassionate, comprehensive, advanced eye care. Since 1994, OCCR has treated all major eye diseases, offering specialized care for cataracts, glaucoma, retinal disorders, dry eye, neuro-ophthalmology and more, in addition to general eye care and retail optical services. Whether a patient is visiting for a routine exam or to treat a common eye condition or for a more serious disorder, we are committed to providing the highest standard of care, to consistently exceed expectations. It's a simple philosophy that we hold true—patient first in everything we do.

Where can you find us?

Ophthalmic Consultants of the Capital Region is located in upstate New York. Our offices in Albany, Clifton Park, Schenectady, Schodack and Troy are each built on a full-service model of care with specialists, ophthalmologists, optometrists and opticians providing patient-centered eye expertise.

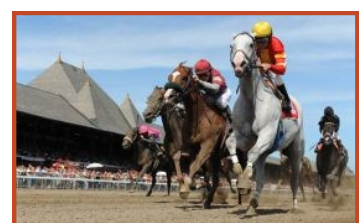

Why set your sights on the Capital Region?

We see that life is much more than work. An ideal place to raise a family, the Albany/Saratoga area boasts strong public and private schools, affordable housing, safe neighborhoods, award-winning restaurants, national brand stores and unique specialty shops. With a population over one million, the Capital Region is home to more than 20 colleges and universities, the state legislature, countless small businesses and several larger companies.

Fans can take in sporting events year-round, including UAlbany college football, Siena College basketball, Union Hockey, Tri-City ValleyCats Minor League Baseball and Thoroughbred racing at the historic Saratoga track.

Culture abounds, with Broadway shows at Proctors in Schenectady, headline performers at Albany's Palace Theater and perfect acoustics in the Troy Music Hall. National concert tours often include the Albany MVP Arena or Saratoga Performing Arts Center, which also hosts the New York City Ballet and Philadelphia Orchestra each summer.

Positioned in the foothills of the Adirondack Mountains, there are countless options for outdoor activity here too, whether hiking, boating, golfing or skiing. When a weekend escape is needed, Montreal, Boston, New York City and the villages of Vermont are easily accessible.
